

## **How to use the Warranty Calculator:**

**This handy web application for desktop (or mobile) lets you check a Comerco Service Protection Plan, or AppleCare, price when you are selling it to a customer, either at the till, or out on the floor with a tablet or other mobile device.**

**It will tell you the price of the plan, the length of the plan, and how much total it will cost the customer, as well as a monthly price (or half month) for each credit plan length, including admin fees. This will eliminate having to look it up in the binder every time you want to sell one, thus resulting in a quicker and more efficient sale and customer experience.**

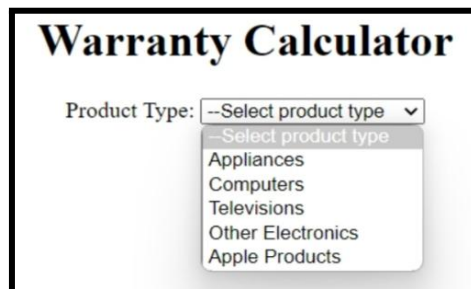

Use link:

<https://imcinnnes31.github.io/canexWarranty/calculator.html>

**(Can be added to the favorites bar (“Warranty Calculator”) or a shortcut can be placed on the home screen of a mobile device)**

## **Getting Warranty Information on the product you are selling:**

**Choose the product type.** Appliances, Computers & Accessories, Televisions, Other Electronics, or Apple Products.

The screenshot shows the 'Warranty Calculator' title at the top. Below it, there is a label 'Product Type:' followed by a dropdown menu. The dropdown menu is open, showing a list of options: '--Select product type', 'Appliances', 'Computers', 'Televisions', 'Other Electronics', and 'Apple Products'. The first option '--Select product type' is highlighted in grey.

For **Apple Products**, select the type of Apple Device from the next dropdown menu that appears.

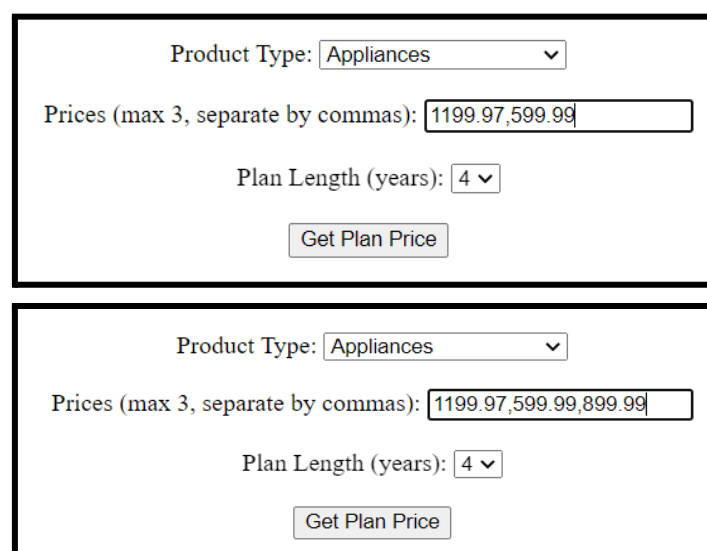

The screenshot shows a form with two dropdown menus. The first dropdown is labeled "Product Type:" and has "Apple Products" selected. The second dropdown is labeled "Apple Product:" and has "--Select Apple Device" selected. The dropdown menu is open, showing a list of Apple products: iMac and Pro, Mac Mini, Mac Pro, Mac Studio, MacBook Air, MacBook Air M2, 13in MacBook Pro M1, 13in MacBook Pro M2, 14in MacBook Pro, 16in MacBook Pro M1, 14in MacBook M2, and 16in MacBook Pro M2.

For **all others except Appliances**, enter the price of the item in the text box, in dollars and cents, using decimal point (no commas). If a sufficient price is entered, an additional option will appear allowing you to select the length of SPP the customer wants. (The maximum available is selected by default) Then press the "Get Plan Price" button.

The two screenshots show the same form for non-appliance items. The "Product Type:" dropdown is set to "Computers & Laptops". The "Price:" text box contains "169.99". The "Get Plan Price" button is visible. In the second screenshot, the "Plan Length (years):" dropdown is also visible, showing "2" as the selected option.

For **Appliances**, it's the same, but you can get an appliance combination SPP price by entering two or three separate appliance prices (maximum three). Separate them by commas. (If a combination cannot be covered because of the price e.g. 3 appliances with a total price of less than \$900, or a single appliance less than \$300, you will be alerted)

The two screenshots show the form for appliances. The "Product Type:" dropdown is set to "Appliances". The first screenshot shows the "Prices (max 3, separate by commas):" text box with "1199.97,599.99" entered. The "Plan Length (years):" dropdown is set to "4". The "Get Plan Price" button is visible. The second screenshot shows the same form, but the "Prices (max 3, separate by commas):" text box now contains "1199.97,599.99,899.99", demonstrating the combination pricing option.

The SPP Price Plan info display, when the “Get Plan Price” button is clicked or an Apple device is selected:

Note: Replacement Plan info is given if item is not sufficient for SPP.

<div>Get Plan Price</div> <p>SPP Code: <b>3TV105</b></p> <p>SPP Length: <b>+3 years</b></p> <p>SPP Price: <b>\$164.99</b></p> <p><b>Price by Credit Plan</b></p> <p><b>1 yr:</b> \$13.75/mth (\$6.88 x2)</p> <p><b>2 yr:</b> \$7.08/mth (\$3.54 x2)</p> <p><b>3 yr:</b> \$4.81/mth (\$2.40 x2)</p>	<div>Get Plan Price</div> <p>Replacement Plan Code: <b>2RA105</b></p> <p>Replacement Plan Length: <b>2 years</b></p> <p>Replacement Plan Price: <b>\$84.99</b></p> <p><b>Price by Credit Plan</b></p> <p><b>1 yr:</b> \$7.08/mth (\$3.54 x2)</p> <p><b>2 yr:</b> \$3.65/mth (\$1.82 x2)</p> <p><b>3 yr:</b> \$2.48/mth (\$1.24 x2)</p> <p>Note: Replacement plan does not include power tools, cell phones, and tablets.</p>

**Example: instances of SPP Info and Replacement Plan Info**

**SPP Code:** Search for this under “Product Lookup” in VisionStore to add to the transaction.

**SPP Length:** The additional (“+”) years or total years of the SPP added to the item.

**SPP Price:** The total price of the SPP.

**Price by Credit Plan:** This breaks down the monthly cost of the SPP by month for each credit plan length option (1 year, 2 year, 3 year), and also the cost every two weeks, which may make it easier to present to the customer when trying to sell it. Admin fees (e.g. 5% for a 3 year plan), but not taxes, are taken into account.
